Sonal Babu

I believe that I obtained my target because I make use of my opportunities that provided from my college for the achievements. For me Nirmala is Providing broad placements for the students and training them. Its not only because of me, but also for the support of my parents, teachers and friends for helping me to get this gain.

Shanavas TS

I got placed in Infosys .It is because of the efforts put in by our faculties, training and placement cell, parents and friends. Nirmala always supports and make sure that students get placed in best company and helps to exposure our talents by organizing different activities.

Mehra Balqueez

The placement cell of our college was very helpful for clearing all my rounds during the recruitment of UST Globals.

Indrasenan K Vijay

My experience at Nirmala was very good. It allowed me to develop interpersonal skills, which are extremely important for future field of work. Teachers are very caring, knowledgeable and interested in student well-being and all-round growth. Extra-curricular, social activities are also too exciting.

Sona Prakash

I am extremely grateful to the department and staff for their tireless efforts to ensure a bright and prosperous future for us. The skills I have gained through my graduate studies at Nirmala College of Arts and Science have equipped me to accomplish my professional goals.

(Pathway / Articulation programs with reputed Universities worldwide)

ABROAD WITH JOB

Considering the period one has to spend to get English skill qualifications and the standard delay in obtaining a passport, offer letter, visa etc., these programmes help everyone to start an international higher academic programme immediately after acquiring their eligibility qualifications. This is facilitated by the agreement with many international universities and colleges around the globe to start their respective courses at Nirmala. Above all, these programmes are highly economical since the students are spending the initial one or two years at Nirmala which carry the same overseas academic weightage. Hence, the students are awarded the same qualification as if a regular student completing the course at the respective overseas universities/colleges. A batch of students comprising 20-30 members moving together after studying at Nirmala gives them adequate social security and a homely feeling which is an added attraction of these programmes.
