The Young Innovators Programme (YIP) is a flagship programme of Govt of Kerala (K-DISC) which aims to empower future innovators to innovate new products, services or models to meet emerging requirements, unarticulated needs, or existing market needs of the society more effectively through specially designed challenges to build an innovation culture in the academic institutions that strengthen the innovation ecosystem, thereby enabling the transition of Kerala to a knowledge society. It acts as a perfect platform for our students across all disciplines in UG and PG programmes to propose innovative solutions to societal challenges and get recognized across the state with various opportunities to take the solution to the next level.

OBJECTIVES:

- Enhancing identified youth with design thinking, collaborative, creative problem solving and leadership skills.

- Empowering and building youth through immersive programmes to Learn, Empathize, Accelerate and Disrupt (LEAD)

- Mentoring them and intensifying networking to build a product or develop a process for showcasing in the Young Innovator's Challenges.

- Certifying promising innovations and attaching the young innovators to research institutions in related areas with scholarships for 1 year.

- Tracking these young innovators and them to institutions, industries, enterprises and prospective funding agencies.

- Build a strong pool of mentors to identify, assess and track innovations as well as provide young innovators the necessary academic, domain specific as well as psycho-social support necessary through the process.
